## Correspondence:

John met with the Tiverton Town Administrator to discuss our  
Commission and related issues and concerns.

Bouys and several signs which will be placed at various locations in the  
Town's waters and on specific land based objects indicating 5 MPH and  
NO WAKE were okayed by the Administrator.

Removal of the old abandoned boat in front of Standish was okayed.

Phil will get a key from Kimberley to the Judson Street building allowing  
access to the phone.

The Tiverton Harbor Commission has asked to be notified of all Town  
meetings so that our members can plan to attend.

## Old Business:

Harbor Master should have jurisdiction over all mooring areas within the  
Town of Tiverton's waters. John will contact Kevin Cute at CRMC to  
discuss updating and adding this provision to the Harbor plan.

Phil has been asked to look into any boats that are illegally moored on  
"pulley lines" along the shore on Nanaquacket Pond and Sin and Flesh  
Brook. He will tag and notify owners.

Bob Dixon and Phil will organize the bouys which are to be installed indicating "5 MPH NO WAKE", other THC members are available to assist.

David will write and send a certified letter to Mr. Easu Estrada, 170 Wallis Street, Providence, the registered owner of the abandoned boat in Sin and Flesh Brook. Pending the results, we hope to have the DPW remove both this boat and the one at Standish.

A list of all THC members will be sent to the Town Administrator, along with their positions and contact information.

John will ask the Town Administrator to attend our July meeting.

Construction Report :

Harbor Master's Report:  
Phil reported that the Patrol boat logged 6 hours during May.

Phil has contacted the owner of the two moorings off of Starwoods that were being advertised for rent and the owner will move them and not continue to rent.
